Statutory Responsibilities: DHSS and the Trust

- **AS 47.30.660. Powers and Duties of the Department of Health and Social Services:** “The department shall prepare, and periodically revise and amend, a plan for an integrated comprehensive mental health program...; the preparation of the plan and any revision or amendment of it shall be made in conjunction with the Alaska Mental Health Trust Authority; be coordinated with federal, state, regional, local, and private entities involved in mental health services...”

- **AS 47.30.011. Alaska Mental Health Trust Authority:** “The purpose of the authority is to ensure an integrated comprehensive mental health program.”

Statutory Responsibilities: Advisory Boards

• **Duties and Responsibilities of Commission, Council, and Boards:**
  – AS 47.45.240. Alaska Commission on Aging Powers
  – AS 47.80.090 Governor’s Council on Disabilities and Special Education
  – AS 44.29.140. Advisory Board on Alcoholism and Drug Abuse
  – AS 47.30.666. Alaska Mental Health Board

The commission/council/boards shall...

“Provide to the Alaska Mental Health Trust Authority for its review and consideration recommendations concerning the integrated comprehensive mental health program.”
Defining the Mental Health Program

Alaska Statute 47.30.056

“The integrated comprehensive mental health program for which expenditures are made under this section; shall give priority in service delivery to persons who, as a result of a mental disorder or of a disorder identified in this section; may require or are at risk of hospitalization; or experience such major impairment of self-care, self-direction, or social and economic functioning that they require continuing or intensive services.”
BENEFITS OF A COMPREHENSIVE INTEGRATED MENTAL HEALTH PROGRAM

- Encompasses all beneficiary groups
- Bridges departments and divisions
- Endures administrations and legislatures
- Clearly delineates the Alaska’s publicly-funded mental health program
- Establishes program-level vision and priorities
- Serves as the glue that connects reform efforts
- Evolves as the program evolves

A Comprehensive Program Plan will not meet all of the Trust’s planning needs, but it will set system-level priorities and provide direction.
A catalyst for change to improve the lives of beneficiaries

**Mission & Principles**

The Trust's mission is to improve the lives of beneficiaries through advocacy, planning, implementing, and funding a Comprehensive Integrated Mental Health Program.

The Trust is committed to:

- Education of the public and policymakers on beneficiary needs
- Collaboration with consumers and partner advocates
- Maximizing beneficiary input into programs
- Continually improving results for beneficiaries
- Prioritizing services for beneficiaries at risk of institutionalization or needing long-term, intensive care
- Useful and timely data for evaluating programs
- Inclusion of early intervention and prevention components

**Investments**

- **$3.8 CRIMINAL JUSTICE Reform + Reinvestment**
  - Reduces reoffense, improves access to services and health care, and creates safer communities

- **$6.0 MEDICAID Reform + Redesign**
  - Results in a national strategy of integrated care for beneficiaries to achieve optimal health, wellness and independence in their community

**Key Outputs**

- Beneficiaries access quality, integrated, whole person health care
- Decrease in youth alcohol and substance use and adult binge drinking and illicit substance use
- Reduce adult and youth involvement in the criminal justice system and reduce criminal recidivism
- Beneficiaries achieve integrated employment and have access to quality peer support services
- Beneficiaries can access safe and affordable housing with appropriate community-based social services to maintain tenancy
- Beneficiaries access effective and flexible person-directed long-term services and supports

**Results**

- Beneficiaries have improved health
- Adults and children are free of the burdens created by alcohol and substance abuse
- Alaska's workforce meets beneficiary and employer needs
- The criminal justice system effectively accommodates the needs of victims and offenders who are Trust beneficiaries
- Beneficiaries are employed or meaningfully engaged in their communities
- Beneficiaries maintain stable, safe housing
- Beneficiaries live the lives they choose with supports they direct

Readiness....

• DHSS recognizes the value of the comp plan
• DHSS has been focused on addressing budget reductions and implementing Medicaid Expansion and Reform in support of its comprehensive program
• DHSS sees the Trust as a partner in developing a comprehensive program plan
• Both DHSS and the Trust agree that early, effective collaboration with the Advisory Boards is important
• Both recognize that the landscape has shifted since the last plan; new planning capabilities have arisen

- Connect the Plans
- Maintenance of Effort
Concrete Steps

1. Leverage the Healthy Alaskans framework and infrastructure
   - Support development of Healthy Alaskans 2030; identify indicators & targets that are critical to Trust beneficiary groups
   - Lean into Healthy Alaskans implementation efforts; establish a natural flow of information with Advisory Board, as well as other, plans
   - Replace the Alaska Scorecard with a Healthy Alaska Scorecard

2. Develop a comprehensive program website that helps “stitch together” existing plans

3. Develop and maintain a summary overview that includes, for example:
   - An overarching vision
   - Description of the program and beneficiary groups
   - Priority leading health indicators and targets
   - Relationships and desired flow of information
A Website that Makes Plans Accessible by Interest and Facilitates Coordination

Beyond the Two Year Mark – A Comprehensive Program Management System?
In summary: the Comprehensive Mental Health Program Plan will...

- Establish a vision for the Mental Health Program and the systems that interface with it
- Serve as the glue connecting reform efforts
- Help us better understand and manage the transformation of the program
- Reduce silos
- Propel data sharing and analytics
- Improve quality
- Coordinate outreach around strategic issues
- Enhance access to needed services
