Status of Our Audit

We have substantially completed our audit of the financial statements as of and for the year ended June 30, 2020. Our audit was conducted in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards issued by the Comptroller General of the United States. This audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

- The objective of our audit was to obtain reasonable - not absolute - assurance about whether the financial statements are free from material misstatements whether due to error or fraud.
- The scope of the work performed was substantially the same as that described to you in our earlier Audit Planning communications.
- We expect to issue an unmodified opinion on the financial statements and released our report by October 31, 2020.
- Our responsibility for other information in documents containing the Trust’s audited financial statements (e.g. management’s discussion and analysis, schedules of pension and OPEB amounts) does not extend beyond the financial information identified in the audit report, and we are not required to perform procedures to corroborate such other information. However, in accordance with professional standards, we will read the information included by the Trust and consider whether such information, or the manner of its presentation, is materially inconsistent with its presentation in the financial statements. Our responsibility also includes calling to management’s attention any information that we believe is a material misstatement of fact. We have not identified any material inconsistencies or concluded there are any material misstatements of facts in the other information that management has chosen not to correct.
- All records and information requested by BDO were freely available for our inspection.
- Management’s cooperation was excellent. We received full access to all information that we requested while performing our audit, and we acknowledge the full cooperation extended to us by all levels of Trust personnel throughout the course of our work.
Results of Our Audit

ACCOUNTING PRACTICES, POLICIES, ESTIMATES, AND SIGNIFICANT UNUSUAL TRANSACTIONS

The following summarizes the more significant required communications related to our audit concerning the Trust’s accounting practices, policies, and estimates and significant unusual transactions:

The Trust’s significant accounting practices and policies are those included in Note 1 to the financial statements. These accounting practices and policies are appropriate, comply with generally accepted accounting principles and industry practice, were consistently applied, and are adequately described within Note 1 to the financial statements.

- A summary of recently issued accounting pronouncements is included in Note 16 to the Trust’s financial statements.
- There were no changes in significant accounting policies and practices during 2020.

Significant estimates are those that require management’s most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Trust’s significant accounting estimates, including a description of management’s processes and significant assumptions used in development of the estimates, are disclosed Note 1 of the financial statements. There were no significant estimates identified as applicable to 2020.

Other accounting estimates include:

Net Pension/OPEB Liabilities - The net pension/OPEB liabilities and related deferred inflows and outflows of resources are estimated based on actuarial and other actual contribution data provided to the Trust by the PERS Plan Administrator.

- Management did not make any significant changes to the process or significant assumption used to develop the significant accounting estimates in 2019.
- We did not identify any significant or unusual transactions, or any transaction for which there was a lack of authoritative guidance.

CORRECTED AND UNCORRECTED MISSTATEMENTS

There was one corrected misstatement, other than those that were clearly trivial, related to accounts and/or disclosures that we presented to management. The corrected misstatement was associated with the fair value of the investments in real estate that was discussed with us before being booked during the audit for $8,240,000.

There were no uncorrected misstatements, other than those that were clearly trivial, related to accounts and/or disclosures that we presented to management.

Internal Control Over Financial Reporting

In planning and performing our audit of the Trust’s financial statements, we considered the Trust’s internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust’s internal control.

Our consideration of internal control was for the limited purpose described above and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses.

We are required to communicate, in writing and in a timely manner, to those charged with governance all material weaknesses and significant deficiencies that have been identified in the Trust’s internal controls over financial reporting. The definitions of control deficiency, significant deficiency and material weakness follow:

<tbody>
<tr>
<td>Deficiency in Internal Control</td>
<td>A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.</td>
</tr>
<tr>
<td>Significant Deficiency</td>
<td>A deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.</td>
</tr>
<tr>
<td>Material Weakness</td>
<td>A deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Trust’s financial statements will not be prevented, or detected and corrected on a timely basis.</td>

In conjunction with our audit of the financial statements, we noted no material weaknesses or significant deficiencies noted.

Significant Accounting and Reporting Matters

**GASB Statement No. 93 - Replacement of Interbank Offered Rates**

**GASB Statement No. 94 - Public-Private and Public-Public Partnerships and Availability Payment Arrangements**

Effective for year-end June 30, 2023. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs) and also provides guidance for accounting and financial reporting for availability payment arrangements (APA).

In light of the COVID-19 Pandemic, on May 8, 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, to provide relief to governments. This Statement, which was effective upon issuance, postpones the effective dates of certain provisions in the above noted pronouncements for one year, except for Statement No. 87 and provisions related to leases in Statement No. 92 which are postponed for eighteen months, Certain other provisions of Statement No. 92 are excluded from Statement No. 95. Additionally, Statement No. 95 excludes provisions in Statement No. 93 related to lease modifications and excludes Statement No. 94 since the GASB considered the pandemic in determining effective dates. Earlier application of the standards is encouraged and is permitted to the extent specified in each pronouncement as originally issued.

**GASB Statement No. 96 - Subscription-Based Information Technology Arrangements**

Effective for year-end June 30, 2023. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. Earlier application of the standards is encouraged and is permitted to the extent specified in each pronouncement as originally issued.
