

Frequently Used Trust Acronyms

This list represents the acronyms that staff will most frequently use in Trust memos and presentations pertaining to our programmatic and land office work. Given the scope of our work and our numerous partners, this targeted list is intended to serve as a useful "at a glance" tool, and not as a comprehensive list of all acronyms used by the Trust and our partners. In cases where an acronym that is not on this list is used in Trust materials, it will be defined.
