ABOUT THE TRUST

The Alaska Mental Health Trust Authority is a state corporation that administers the Alaska Mental Health Trust, a perpetual trust, to improve the lives of beneficiaries. The Trust operates much like a private foundation, using its resources to provide leadership in advocacy, planning, implementing, and funding of a Comprehensive Integrated Mental Health Program. More information about the Comp Plan can be found at:

<http://dhss.alaska.gov/Commissioner/Pages/MentalHealth/default.aspx>

Beneficiaries of the Trust include the following broad groups of Alaskans with:

- mental illness
- developmental disabilities
- chronic alcoholism and other substance related disorders
- Alzheimer’s disease and related dementia
- traumatic brain injuries

The Trust also works in prevention and early intervention services for individuals at risk of becoming beneficiaries. The Trust considers prevention of these conditions, where possible, to be part of its mandate.
