Alaska Eating Disorders Alliance

Special thanks to the INCREDIBLE AKEDA Board of Directors, our facilitators at Agnew :: Beck Consulting and funding from Alaska Mental Health Trust Authority that helped us have a very fruitful day of strategic planning on Sunday. We are dreaming big about how to prevent, identify, treat, and support Alaskans impacted by eating disorders, and excited to use the framework that will come from this planning session to help us continue to grow. Interested in being part of the solutions? Contact us, or donate to help us meet our mission! #Alaska #mentalhealth #eatingdisorders #nonprofitlife

Expectant Moms, Empowered Moms - Module 1

> by Holly Brooks and Calisa Kastning

YoungLives Alaska September 27 at 8:15 PM · 📀

What is different about YoungLives is that we don't wait for teen parents to come to us... we GO to where teen parents are. We call this contact work! One way we do this is by building partnerships and serving in teen parent programs to help them thrive. We are excited to be back in classrooms this fall! What's even better is when we have 3 organizations that care about young families working together to offer the education parents need to succeed! @Benny Benson Secondary School @younglivesanchorage @cpcanchorage Alaska Mental Health Trust Authority #educationempowerment

momsmatternow · Follow

momsmatternow Did you know there's an audio ve the Expectant Moms. Empowered Moms course? Just in favorite podcast or audiobook, you can listen to the comodules whenever you are! Maybe it's in the car, on a soccer practice. Wherever you are, you don't have to b computer screen to compilee this course!

Set an hour a week aside for you to be supported, and empowered on YOUR motherhood journey!

Qualifying criteria (very inclusive) and link to the p enrollment survey are in the link tree in the bio!

Yukon Kuskokwim Health Corporation

...

Increasing access and resources for behavioral health in the region is a priority for YKHC. We were grateful for the opportunity to host Alaska Mental Health Trust Authority during their Rural Outreach Trip to the Yukon-Kuskokwim Region last week. The three-day visit was focused on identifying ways to support and improve behavioral health services in the YK Def

Trust guests, YKHC staff and Board Members traveled to Tok Napakiak, St. Mary's, and Kwethluk, to meet with Tribes, mun governments and other community leaders. Quyana to the h community members, who took time to share their wisdom, requests for support and services. Read more on our websit https://www.ykhc.org/ykhc-hosts-alaska-mental-health.../ Ph during the visit to Kwethluk.

Thank you to the Alaska Mental Health Trust Authority, our c partners and YKHC staff and board members for your suppo the significant need for behavioral health service in the regic

Original audio

Alaskapublic This Saturday, October 14, from 1 to 4 p.m., Alaska Public Media is hosting its second annual Mental Health Resource Fair at the Fairview Rec Center (1121 E. 10th Ave. in Anchorage). The fair is free and family-friendly, with complimentary food and kids activities. This year more than 35 local organizations will offer information and resources related to wellness and mental health. You can learn about what to do in a crisis, apply for benefits, find a threapist, and much more.

Come by to:

Meet representatives from a variety of community resources
Talk to local behavioral health and substance use treatment

Apply for programs like SNAP, WIC and health insurance Learn about mental wellbeing

Open to all – whether you need help or want to know how to support those who do. Visit alaskapublic.org/events for more information (link in bio), or visit our Facebook event.

There is free parking on-site. Need a ride? People Mover routes 11, 20 and 30 will get you there!

Coming Up: Carbon Marketing

 Working with TLO on materials to support marketing Trust carbon opportunities

2023 Research: Beneficiary Stigma

Survey basics:

- Summer 2023
- Statewide
- Via text (new this year)
- Sample: 1,314 Alaska Adults 18+

Purpose:

- Better understand stigma associated with our beneficiaries among Alaska's population
- Inform Trust efforts to address stigma

How did we measure stigma?

• Examined 6 beneficiary types

- Alcohol misuse
- Drug misuse (opioids)
- Traumatic brain injury
- Intellectual/Developmental Disability (Autism Spectrum Disorder)
- Mental Illness (Bipolar Disorder)
- Alzheimer's disease
- A paragraph describing a person experiencing each beneficiary condition was developed
- After reading the description, surveyor used a series of agree/disagree statements to assess stigma

Some Findings

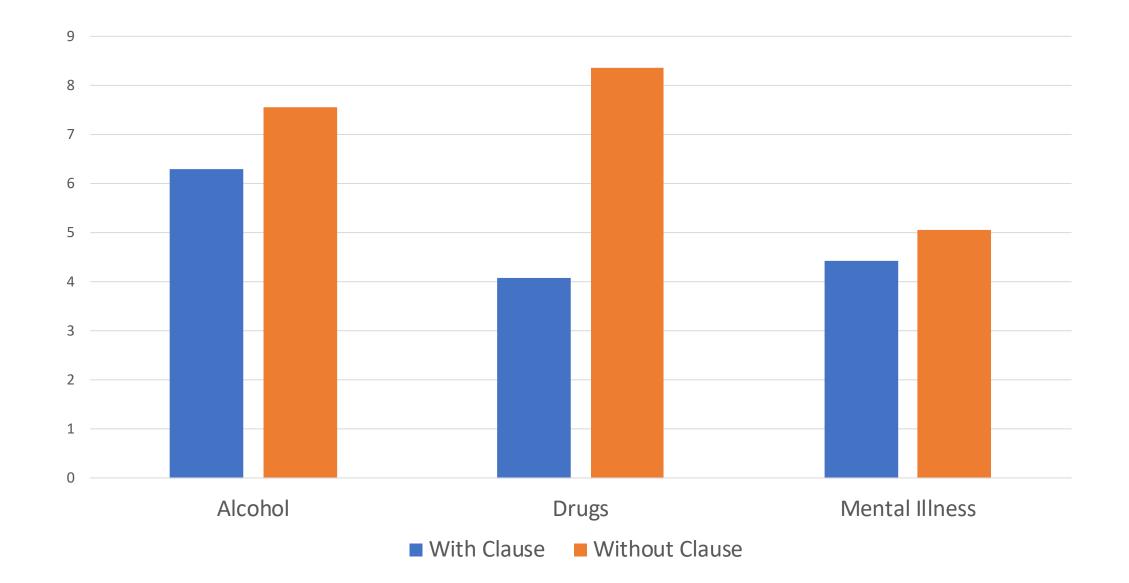

- Results indicate alcohol misuse is the most stigmatized
- Drug misuse is also stigmatized, but perceived as the likeliest to experience discrimination/be uncomfortable disclosing their condition
- Developmental disability is the least stigmatized of the conditions described in the survey
- Alzheimer's disease also scored "high" for some stigma statements
- All statements above were also true in the 2021 survey

Results Summary

	Alcohol	Drugs	Brain Injury	Mental Illness	Develop- mental Disability	Alzheimer's
Likely to worry about what people would think if he/she	2.00	2.00		2.00	2.54	2.52
disclosed his/her condition	2.96	3.06	2.56	2.98	2.51	2.52
Likely to have trouble maintaining employment	2.87	2.51	2.46	2.46	2.04	2.94
I would feel uncomfortable if he/she sat next to me on an airplane	1.64	1.53	1.26	1.57	1.28	1.39
Would be likely to act in unpredictable ways	2.72	2.40	2.06	2.82	1.92	2.87
Would be likely to pose a danger to him(her)self or others	2.62	2.24	1.40	2.10	1.13	2.42
I could imagine myself being friends with him/her	2.49	2.49	3.26	2.85	3.14	3.02
Would be likely to experience discrimination in his/her community	2.65	2.88	2.49	2.68	2.71	2.44
I would feel comfortable renting an apartment to him/her	1.75	1.78	2.82	2.49	3.00	2.01
I would find it easy to have a conversation with him/her	2.51	2.76	2.74	2.77	2.66	2.37
I would be comfortable if my parent or child had a friendship with him/her	1.92	1.93	3.11	2.57	3.20	2.97
I would trust him/her to be responsible for something valuable of mine	1.07	1.18	2.10	2.01	2.65	1.07
I would be comfortable employing someone like him/her	1.44	1.87	2.64	2.28	2.88	1.57

Condition Management Clause, Stigma Scores for Alcohol Misuse, Drug Misuse, and Mental Illness

Perceptions: Subject Gender

Alcohol Misuse

• More likely to feel comfortable renting an apartment to a female

Brain Injury

• More comfortable with a friendship with a female

Mental Illness

• More comfortable with a friendship with a female

Developmental Disability

• Males are perceived as more likely to have trouble maintaining employment, and more likely to act unpredictably

Alzheimer's disease

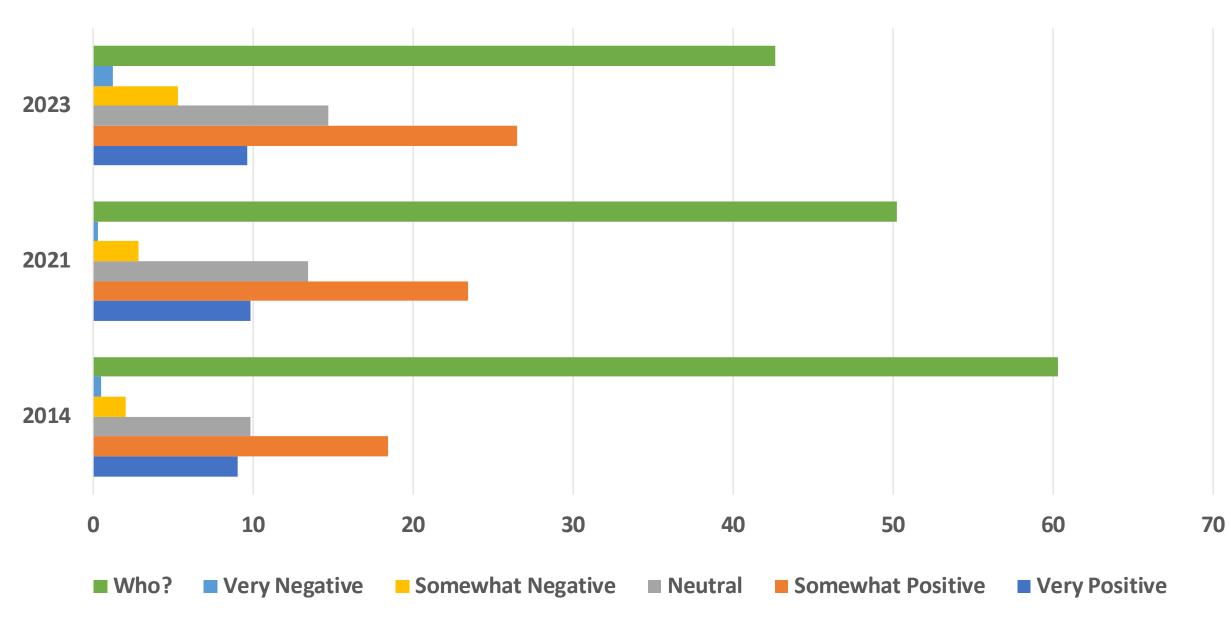

• More comfortable employing a male

Is stigma getting "better?"

- Results indicate an average negative shift for each group
 - Mental illness saw biggest shift, developmental disability the smallest
- What does this mean?
 - Text vs phone format
- How this impacts the Trust

Perception of the Trust

Thank You
