Seward Prevention Coalition						
True North Recovery, Inc.						
Stone Soup Group						
University of Alaska, Division of Population Health Sciences						
Sultana New Ventures, LLC dba The Foraker Group						

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Access Alaska/Roof Replacement - Anchorage Office	Access Alaska, Inc.	\$49,980
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Access Alaska, Inc. will use Trust funds for some capital improvements including a roof replacement to their main offices located in Anchorage. Access Alaska provides critical daily support to Trust beneficiaries through this facility and plays a necessary role for people experiencing a wide range of intellectual and developmental disabilities.		Rasmuson Foundation, Access Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Peer Training Continuum	Anchorage Community Mental Health Services, Inc. dba Alaska Behavioral Health	\$31,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Alaska Behavioral Health (AKBH) will use Trust funds for their peer support specialist (PSS) apprenticeship program that is being operationalized this year. AKBH is partnering with the State of Alaska Department of Labor and Workforce Development (DOLWD) and the Division of Behavioral Health (DBH) on setting up the first PSS apprenticeship program in the state. DOLWD is working with AKBH to align the apprenticeship model with the federal DOL model. While DOLWD and DBH are both helping fund this work, Trust support will help with replicating this model in other agencies across the state. The PSS is a critical position in the newly expanded Medicaid 1115 Behavioral Health Demonstration Waiver system of care and will be integral to helping support the healthcare workforce, which in turn will support Trust beneficiaries in their care and treatment.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Executive Search Support	Alzheimer's Resource of Alaska	\$30,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>Alzheimer's Resource of Alaska (ARA) provides programs and services to thousands of seniors experiencing dementia, and their caregivers, throughout Alaska. ARA delivers a robust array of dementia education, teaching best practices in dementia care to anyone interested, including family, professional caregivers, and those working in the field of dementia care. They administer Alzheimer's disease and related dementia (ADRD) mini grants for the Trust and provide individual consultations and support groups for people who have ADRD and their caregivers. ARA also provides Medicaid waiver care coordination services through an affiliate organization, Care Coordination Resource of Alaska (CCRA).</p> <p>Trust funds will allow ARA to hire an executive search firm to recruit and assist ARA in filling its opening for the Chief Financial Officer (CFO) position, which will assist the organization in finding a CFO that is a good fit for skills and longevity. The competition for leadership positions in the nonprofit sector is unprecedented. ARA is the largest provider of ADRD training and caregiver support in the state. Bolstering the viability of this agency through administrative support is critical to continuing services to beneficiaries with ADRD and their caregivers.</p>		Alzheimer's Disease Resource Agency of Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Increasing Counseling Opportunities through the Physical Expansion of Counseling Center	Alaska Christian College	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>Anchorage Christian College (ACC) will use Trust funds to expand their community-based behavioral health counseling clinic on the Kenai Peninsula. The clinic is expanding its services to the community and needs to double its current space to meet this growing need. This capital effort has committed support from the Murdock Charitable Trust n and ACC, and Trust funds will allow the New Hope Counseling Center to complete the buildout.</p>		MJ Murdock Trust, Alaska Christian College, New Hope Counseling	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	NWAK Ready To Rent	Anchorage Neighborhood Housing Services, Inc.	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>Anchorage Neighborhood Housing Services, Inc. dba NeighborWorks Alaska (NWAK) has developed a Ready to Rent program. With help from Trust funds, Ready to Rent will provide beneficiaries who are exiting homelessness with housing education, essential household items, and daily life skills to achieve a life of self-sufficiency. Beneficiaries who have experienced homelessness often need assistance remaining stably housed. Ready to Rent will also teach or refresh the skills people need to be a successful tenant. This will complement the HUD Permanent Supportive Housing programs that serve homeless individuals and families who are also Trust beneficiaries. This project aligns with the Trust's Housing and Home &amp; Community Based Services focus area work to help Trust beneficiaries attain and maintain affordable housing. It is a critical, non-clinical supportive and educational service to help Trust beneficiaries exiting homelessness and ensures that new tenants have the basic household items needed to effectively live in an apartment setting. This project can impact any of the Trust beneficiary categories, with the the impact being the greatest for beneficiaries with a mental illness or addiction as those two categories have the highest prevalence among the homeless population.</p>		<p>Department of Housing and Urban Development (HUD)</p>	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Alaska Housing Innovations Summit Sponsorship	Association of Alaska Housing Authorities	\$10,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The Association of Alaska Housing Authorities (AAHA) membership is comprised of fourteen regional housing authorities serving 228 Tribes across Alaska and Alaska Housing Finance Corporation that serves statewide. Alaska's regional housing authorities play a key role in increasing the supply of quality, affordable housing. They build, renovate and weatherize homes, provide assistance in purchasing a home, offer renter and homebuyer education, develop infrastructure for housing development, build community facilities, and provide employment for thousands of Alaskans each year. AAHA offers a comprehensive and innovative training and technical assistance program for Indian Housing Block Grant recipients. The services are delivered in close collaboration with the Alaska HUD Office of Native American Programs (HUD ONAP), Alaska Regional Housing Authorities, and housing experts. AAHA utilizes an efficient and flexible demand-driven model to deliver the services.</p> <p>Trust funds will support AAHA's Alaska Housing Innovations Summit, a forum to highlight innovations on the ground and bring cutting edge ideas for increasing the supply of safe, sanitary, and affordable housing across the State. AAHA members are fully supportive of the Summit, will be leading many of the sessions, and have contributed financially to the effort. This conference will identify new ways that housing authorities can increase housing stock in Alaska.</p>		<p>Enterprise Investment, Wells Fargo, Freddie Mac, Weidner, Key Bank, NeighborWorks Alaska, CCHRC, AAHA Members, Alaska Regional Housing Authority</p>	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Cache Integrity Services nonprofit Guardianship Expansion Project	Cache Integrity Services	\$100,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>Cache Integrity Services (CIS) is a valued Trust partner who successfully used Trust funding to stand up valuable payee services for the last two years. CIS is requesting funding for a nonprofit Guardianship Pilot Project. Guardianship is a legal arrangement where an individual or institution is appointed by the court as a guardian to represent and/or make decisions on behalf of an incapacitated person or someone who is unable to represent and/or make decisions for themselves. Guardianships can be for housing, medical care, legal issues, services, and financial matters. Guardians serve all Trust beneficiary groups in Alaska who require the added support and assistance in their lives. Typically, guardianship services are provided by family or friends, private professional guardians for those who can afford their services, or the State of Alaska through the Office of Public Advocacy (OPA) if no other suitable option exists. Due to OPA Guardians having high caseloads of between 65 to 90 cases and a lack of private professional guardians, there is currently a need for additional options. CIS will be able to fill this need by partnering with OPA and utilizing a sliding fee scale to accept cases with nominal resources that otherwise could not afford a traditional private, professional guardian. Guardianship services are vital for some Trust beneficiaries to live their best lives in the least restrictive environment.</p>		Mat-Su Health Foundation - PENDING	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Caught in the Undertow: Documentary Film Project	Capital Community Broadcasting, Inc. (KTOO)	\$10,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>Trust funds will support Capital Community Broadcasting, Inc. (KTOO), a nonprofit media organization, in producing a 30-minute documentary spotlighting the issues Alaska faces when it comes to solving its addiction crisis. The documentary will look at this issue using interviews of therapists, patients engaged in treatment, and the families who will share their lived experiences of living with addiction and trying to get help. Finding adequate behavioral health services in Alaska is challenging, and even more so in remote villages. Gaps in funding, legislation, and health care providers make it especially hard for those seeking sobriety and long-term addiction recovery. KTOO hopes this film will directly impact the community as a whole since addiction is an entire community issue.</p>		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Gulf Coast TABI Expansion Project	Independent Living Center (Homer)	\$98,962
Project Description		Other Funding Partners (Secured and Pending)	
Centers for Independent Living serve individuals with a disability of any kind who want additional support with services, technology, or income so they can remain in their home communities to live the lives they choose. They are experts on accessing the home and community based service system. The Independent Living Center (ILC) is the Center for Independent Living for the Gulf Coast Region in Alaska. Though ILC does not employ case managers, the Independent Living (IL) Advocates are familiar with service coordination and the additional advocacy efforts needed for individuals with Traumatic and Acquired Brain Injuries (TABI) and their families. The Gulf Coast TABI Expansion Project will provide resource facilitation, peer mentorship, and support to individuals experiencing TABI, their families and caregivers who reside in the Gulf Coast region: Kenai Peninsula, Kodiak Island, and Valdez/ Cordova census area. The ILC's Independent Living Advocates trained by this project will provide outreach in these communities, join the TABI Advisory Council meetings, and work with the University of Alaska Anchorage (UAA) Center for Human Development and other TABI grant recipients. Trust funds will support TABI services for the region and further the statewide coverage of services.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	CHA Culture Coordinator and DEI Department	Covenant House Alaska	\$50,000
Project Description		Other Funding Partners (Secured and Pending)	
Covenant House Alaska (CHA) provides shelter services for youth ages 13-24 and manages housing, education, and support service programs for youth. Anchorage is one of the most diverse communities in the country and to better serve youth who are Black, Indigenous, and People of Color (BIPOC), CHA developed a diversity, equity, and inclusion (DEI) department. CHA's DEI department was created to formalize the processes that ensure diversity, equity and inclusion are central to all program design, creation, implementation, and on-going evaluation. The department has its own director, a 12-person DEI committee made up of diverse CHA staff who work on DEI-related projects within the agency, and a new Youth Fellowship position which is a one-year, full-time, paid staff position with benefits for a young person utilizing these programs who serves as a voting member of the board of directors. Trust funds will support the CHA Culture Coordinator and DEI Department project. This project will dramatically advance CHA's work to make sure every youth is meaningfully and equitably served. A majority of homeless youth are Trust beneficiaries, with the most common categories being beneficiaries experiencing a mental illness and addiction.		Rasmuson Foundation, Covenant House, Other Private Sources	

Authority Grant Type	Project Title	Name	Grant Amount
Other Trust Investment	2022 Alaska Family Resource Center Network Trainings	Washington Regional Association of Grantmakers - National Family Support Network	\$21,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The Alaska Impact Alliance (AIA) is a coalition of multidisciplinary organizations statewide with the mission to support families and children and “reimagine child welfare in Alaska.” Based on a preliminary scan of available prevention and early intervention services available in the state for at-risk families, the AIA has identified Family Resource Center Development as a core strategy for better supporting Trust beneficiary families and children and help them remain together in their home communities for better outcomes. Trust funds will blend with Child Welfare Academy funds to support three trainings by the National Family Support Network to be offered to AIA members in 2022. These trainings will support certification of agencies who are interested in starting or further developing resource centers for families in their communities. Members have expressed a high level of interest from around the state and are eager to engage in this work. A “train the trainer” session is planned to ensure local access to training and sustainable expansion in future years.</p>		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Other Trust Investment	Help PAT Attend National Conference	Association for the Education of Young Children, Southeast Alaska	\$14,625
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>Trust funding will support Juneau Parents as Teachers (PAT) program staff to attend the program’s annual meeting in Denver in fall 2022. PAT is an evidence-based home visiting practice that is highlighted by Trust partners as a key strategy to support beneficiary families with young children through early intervention/prevention supports. Home visiting services are identified in the Comprehensive Integrated Mental Health Program Plan as essential services for families at risk of child maltreatment.</p>		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Northern Hope Center Mental Health Drop in Center	Northern Hope Center	\$100,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Trust funding will support continued access to a quality drop-in center for beneficiaries with mental illness living in Fairbanks. Services offered by Northern Hope Center are consistent with the values and mission of Trust supported Beneficiary Projects Initiative (BPI) organizations and include peer support in a recovery oriented agency. Continued funding is essential to support drop-in center operations for individuals with serious mental illnesses who may otherwise become isolated, or experience worsening of symptoms and deterioration in functioning. Services offered at the center help prevent negative outcomes for vulnerable Trust beneficiaries, such as repeated hospitalization and encounters with the criminal justice system.		Fairbanks North Star Borough, State of Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Health TIE Operating Support	Sultana New Ventures LLC dba The Foraker Group	\$100,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Health TIE is a health care innovation hub that brings together entrepreneurs, technology experts, and health care professionals in tackling the “wicked problems” of the industry. Trust funds, in concert with support from the Mat-Su Health Foundation, will support the ongoing work of Health TIE, which has advanced five successful pilot projects in its second year of operation, with several more in the works. One example of a health TIE is the evidenced-based digital platform, Step Away, which is an app for managing alcohol misuse by Trust beneficiaries. The app is housed online with Recover Alaska and has been made available to all Alaskans, free of charge. Health TIE was instrumental in making this project happen.		Mat-Su Health Foundation, Donations	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Juneau Street Outreach Project	Juneau Housing First Collaborative	\$35,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Juneau's unsheltered homeless population-those who live on the street, in cars, area parks, abandoned buildings, and encampments-have reduced access to Juneau's Coordinated Entry System (CES) as compared to Juneau's sheltered population. Many are unsheltered as a result of substance abuse and mental illness, which can result in being trespassed from Juneau's emergency shelters. Trust funding will support Coordinated Street Outreach in Juneau, providing unsheltered persons immediate access to services and access to monthly community case conferencing meetings with the goal of supporting them along pathways toward housing stability through Juneau's CES. This is a shared database and cooperative interagency practice established to create a prioritized waiting list for housing from those who are engaged in the homeless services system, including street outreach. It is important to understand how many people are homeless and what needs they have so that the community can respond with interventions that match people's needs.		Fairbanks North Star Borough, State of Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Mountain View Health Services Behavioral Health Planning Project	Mountain View Health Services	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Mountain View Health Services (MVHS) is a nonprofit community health clinic in the Mountain View neighborhood of Anchorage. Mountain View is home to many Trust beneficiaries and is a community that is often underserved in both primary and behavioral health care. MVHS seeks to plan expansion of behavioral health supports for beneficiaries living in the community through consultation with The Foraker Group and Agnew::Beck Consulting, and is exploring additional crisis stabilization services and future implementation of a Clubhouse model, as well as housing.		Kabo Health LLC	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Annual Spirit of Youth Awards	Spirit of Youth	\$1,500
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Trust funds will support Spirit of Youth in the development of their annual awards banquet. Spirit of Youth recognizes youth from all over Alaska who have demonstrated leadership and a benevolent desire to help their community. Spirit of Youth also works to bring awareness to Alaskan youth about mental health and related issues.		Mat-Su Health Foundation, Nick Begich Scholarship Fund, Alaska 529, Enstar, Atwood Foundation, Alaska Children's Trust, Altman, Rogers & Co., Bettisworth North	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Alaska Careline: 9-8-8 Infrastructure Development	Careline Crisis Services, Inc.	\$92,500
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Historically, Alaska has some of the highest rates of suicide in the nation, and suicide is the leading cause of death for 15-24 year-old Alaskans. 9-8-8 is a national three-digit dialing code that has been approved by the Federal Communications Commission (FCC) for the National Suicide Prevention Lifeline and will go live nationwide in July 2022. Careline Crisis Services, Inc. (Careline) is the only crisis call center in Alaska that is a member of the National Suicide Prevention Lifeline, the platform by which all 9-8-8 calls will ultimately be routed. Careline will use Trust funds to support 9-8-8 capacity and infrastructure development. Once 9-8-8 goes online, the Trust and partner agencies anticipate that Careline's call volume will increase significantly. The Careline's 9-8-8 implementation plan budget includes funding for additional Careline capacity in order to meet this expected demand and increased call volume. Careline's 9-8-8 implementation plan calls for additional management and call counselor positions, more technology and infrastructure, as well as increased staff compensation to assist with hiring and retention efforts.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Eating Disorders Project Extension for Community Healthcare Outcomes (ECHO)	Alaska Eating Disorders Alliance	\$32,250
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
The Alaska Eating Disorders Alliance (AKEDA) will use Trust funding to help provide a six-session Extension for Community Healthcare Outcomes (ECHO) online education series on eating disorders during the fall of 2022. The Center for Human Development at the University of Alaska Anchorage (UAA) will provide the facilitation for the ECHO, and their team of experts will provide the didactic trainings and case study reviews that are part of the ECHO model, a proven practice for expanding the competence of local practitioners in rural clinics around behavioral health disciplines. Eating disorders are a particularly complicated diagnosis to treat, hence the need for increased expertise on the topic. This ECHO series will support Trust beneficiaries across the state.		Alaska Community Foundation	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Eating Disorders Response Training Conference	Alaska Eating Disorders Alliance	\$2,500
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Trust funds will support the Alaska Eating Disorders Alliance (AKEDA) Eating Disorders Response Training Conference. Eating disorders are complex illnesses requiring a multidisciplinary team that includes a doctor providing medical management, a therapist for psychological support, and a specially trained behavioral health dietitian. Each team member requires specialized knowledge in this area. The multidisciplinary training conference will increase the capacity of Alaska's health care system to provide timely and accurate eating disorder response services, including identification, diagnosis, and treatment.		Alaska Community Foundation, Attendee Fees	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	2022 Native Youth Olympic Games	Cook Inlet Tribal Council, Inc.	\$5,000
Project Description		Other Funding Partners (Secured and Pending)	
The annual Native Youth Olympic (NYO) Games focus on healthy lifestyle promotion and substance abuse prevention for Alaska Native youth statewide. Trust sponsorship supports the event as an established beneficiary Substance Abuse Prevention and Treatment focus area strategy.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Behavior Risk Factor Surveillance System Traumatic Brain Injuries Questions for Estimating Prevalence	University of Alaska Anchorage	\$12,000
Project Description		Other Funding Partners (Secured and Pending)	
The Behavior Risk Factor Surveillance System (BRFSS) Traumatic Brain Injury (TBI) Questions for the Estimating Prevalence project will estimate the prevalence of TBI in Alaska through the use of the BRFSS annual phone survey. There are no current estimates on the number of Alaskans who live with brain injuries. The TBI-related BRFSS data will inform TBI state planning, prevention, advocacy, and service delivery. Trust funding will support adding TBI questions to the BRFSS in alignment with the fiscal year 21-25 Alaska State Plan for Brain Injuries, as well as many Healthy Alaskans 2030 objectives. The data subcommittee of the TABI Advisory Council is coordinating across state agencies and organizations to develop a brain injuries data clearinghouse with the hopes of improving the timeliness and accuracy of TBI data in Alaska. The BRFSS data is one critical piece of understanding TBIs in Alaska. Obtaining reliable estimates on the prevalence of TBIs will help the Trust and other agencies better understand how to implement programs and policies to serve people with a TBI.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Bethel Youth Facility Acoustic Sound Panels for Gymnasium	Alaska Children's Trust	\$33,300
Project Description		Other Funding Partners (Secured and Pending)	
<p>The Bethel Youth Facility (BYF) treatment facility serves youth who experience neurobehavioral deficits, many of whom also experience a sensory processing disorder that impacts their ability to organize sensory signals into appropriate responses. The current acoustic echo in the BYF gymnasium can cause a sensory overload for these youth, resulting in an overstimulation of any of the senses. This sensory overload and subsequent overstimulation can lead to feelings of discomfort, increased anxiety, and fear, often resulting in behavioral issues. The Division of Juvenile Justice (DJJ) will use Trust funds to improve the secure treatment unit at BYF through the installation of sound panels on the gymnasium walls and ceiling to lower the level of noise and echo, creating a more functional and therapeutic space. The gymnasium is used for recreation and therapeutic activities, such as family visitation, therapeutic groups, and cultural activities that will also benefit from reducing sound and sensory overload. Providing recreation and therapeutic activities in an environment that better meets the individual needs of the youth is imperative to their success in the program.</p>		State of Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Emergency Assistance for Therapeutic Court Graduates and Reentry Participants	Alaska Therapeutic Alumni Group	\$50,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>Partners for Progress will use Trust funds to provide housing support for beneficiaries who are reentering society after being incarcerated and confronted by barriers to housing due to their criminal history, mental illness, or other complicating factors. In Anchorage, a number of returning beneficiaries have been trespassed, banned, or are otherwise ineligible for shelter and do not have a safe and stable place to live. In order to overcome these barriers, Partners for Progress will provide the identified population of beneficiaries with housing support and peer support services to ensure returning beneficiaries participating in the program have safe and stable housing, aiding in their successful reentry into society.</p>		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Technical Support for Bartlett Crisis Stabilization Center	Bartlett Regional Hospital	\$100,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>Bartlett Regional Hospital (BRH) will use Trust funds for planning and technical assistance for starting up their crisis stabilization unit in the spring of 2023. BRH is building a new crisis stabilization building that will be the first of its kind in Alaska; a center dedicated to 23-hour stabilization and short-term residential services. These Medicaid 1115 Behavioral Health Demonstration Waiver services are new lines of care in Alaska, as are the operational and programmatic knowledge and skills necessary for running these services; technical support and planning will aid in the stand-up of this care. Technical assistance will also support BRH's business model, helping ensure that services will be sustainable.</p>		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Hoonah Shelter Housing Project	Hoonah Indian Association	\$35,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>The Hoonah Indian Association (HIA) is a federally recognized governing body for the Native People of Hoonah, Alaska. HIA has identified a need to provide emergency, short-term, and transitional housing for victims of crime and survivors of domestic violence and sexual assault. The lack of housing in Hoonah has led to insufficient safe and secure housing options for these victims who are often further traumatized by having to relocate to Juneau for services. Studies show that women who experience domestic violence and/or sexual abuse are three to seven times more likely to suffer from behavioral health issues, such as severe mental illness, post-traumatic stress disorder, or substance use disorder than other women, and these illnesses and disorders make them more susceptible to abuse by intimate partners or family members. These studies, which include a recent survey of Alaskan women, indicate that there is a high prevalence of Trust beneficiaries who are or have been victims of domestic violence and/or sexual assault. With the support of Trust funds, these housing units will increase safety for survivors in Hoonah, including Trust beneficiaries, and provide a safe place to receive the services they need.</p>		Department of Justice, Rasmuson Foundation	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Crisis Now Program Director	Ketchikan Wellness Coalition	\$100,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The Ketchikan Wellness Coalition will use Trust funds to support a full-time Crisis Now Community Planning Coordinator position. Locating this impactful position within the Ketchikan Wellness Coalition will position the city and surrounding region to collaborate on setting up a stronger system of crisis response services, positively impacting Trust beneficiaries. This level of community partnership is important in the planning and implementation of a new program like Crisis Now that will require a collaborative effort from the city, emergency services, and community health care stakeholders. A Ketchikan based Crisis Now Community Coordinator is part of the Trust's overall Crisis Now implementation strategy. The coordinator will serve as the liaison between the local community implementation team, the Trust, and consultants throughout the development of improved behavioral health crisis response services in Ketchikan.</p>		<p>State of Alaska DHSS, CDC Drug Free Communities, Robert Wood Johnson Foundation, State of Alaska</p>	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	SHARP Contract(s) at JAMHI	JAMHI Health & Wellness, Inc.	\$99,225
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The leadership at JAHMI Health and Wellness in Juneau will use Trust funds to support three SHARP student loan repayment contracts administered through the State of Alaska Division of Public Health. The contracts will secure SHARP 3 support for clinical practitioners at JAHMI, which are three-year commitments. JAHMI has been challenged in securing clinical level practitioners, impacting their ability to provide basic treatment and care services to Trust beneficiaries in the community. This effort will help stabilize their clinical workforce and allow them to expand their service array in a timely and responsive manner.</p>		<p>N/A</p>	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Northern Hope Center Case Manager	Northern Hope Center	\$50,062
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
The Northern Hope Center (NHC) is a mental health drop-in center for adults 18 years of age and older with serious mental illness who have a genuine need for relief from isolation and opportunities to socialize with their peers. NHC provides a comfortable, stress-free environment with activities and a warm meal at no cost to the members. NHC is a supportive, motivating group of individuals that come together to find the best ways to support, engage, and uplift its members. NHC will use Trust funds for a case manager position that will provide culturally competent and trauma-informed resources, coordinate linkage to resources, assist in enriching and promoting Life Skills, and help connect beneficiaries to available benefits, screenings and referrals to medical/mental health care, and housing.		Fairbanks North Star Borough, State of Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Mat-Su Reentry Housing Project	Valley Charities, Inc.	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Valley Charities, Inc. is the fiscal agent for the Trust-funded Mat-Su Reentry Coalition Coordinator. They will use Trust funds to provide housing support for beneficiaries reentering society after incarceration who are confronted by barriers to housing due to their criminal history, mental illness, or other complicating factors. In the Mat-Su, a number of returning beneficiaries have been trespassed, banned, or are otherwise ineligible for shelter and do not have a safe and stable place to live. In order to overcome these barriers to housing, the Mat-Su Reentry Coalition will provide the identified population of beneficiaries with housing supports and peer support services to ensure returning beneficiaries participating in the program have safe and stable housing that will aid their successful reentry into society.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Southeast Regional Eldercare Coalition	Alaska Development Corporation/ Southeast Regional Eldercare Coalition	\$25,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The Southeast Regional Eldercare Coalition (SREC) is a volunteer effort among eldercare providers from across Southeast Alaska who have joined together to problem solve mutual issues, share program information, and be a collaborative force for change. Trust funds will support contracted staff to serve the volunteer coalition through coordination among member organizations in order to improve services to Elders in Southeast Alaska. Immediate priorities for SREC are to simplify the navigation of services and focus on coordinated Direct Service Provider recruitment, training, and retention efforts across multiple organizations for efficiency and economy of scale. This project aligns with the Trust’s Workforce Development priority area and will serve Trust beneficiaries of all types who are seniors that live in Southeast Alaska. Direct Service Providers are a critical part of the worforce that supports Trust beneficiaries in the home and community of their choice.</p>		<p>Juneau Emergency Medical Associates Start Up Funding, Juneau Community Foundation</p>	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Extension Project for Doctoral Occupational Therapy Trainees in Behavioral Health	University of Alaska Anchorage	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The University of Alaska Anchorage (UAA) College of Health will use Trust funds in support of the federal Health Resources and Services Administration (HRSA) four-year grant, which places interdisciplinary health clinical students in urban and rural setting for learning integrated health practices. The professions supported through this program include social work, psychology, nursing, and occupational therapy (OTD). The HRSA grant provides funding support for all these disciplines except OTD. OTD students play a critical role in the clinical treatment component of these interdisciplinary teams, and Trust funds will allow these students to work alongside the other disciplines in the field. Trust beneficiaries will receive improved care and support from having OTD practitioners included in this effort.</p>		<p>Mat Su Health Foundation</p>

Other Trust Investment	Project Compass: Leading the Way in Workforce Development for Infant and Early Childhood Mental Health Services in Alaska	Alaska Association for Infant and Early Childhood Mental Health	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
This funding request supports year three of implementation of a previously funded Trust initiative with the Alaska Association for Infant and Early Childhood Mental Health (AK-AIMH) related to training and professional development for the Infant and Early Childhood Mental Health workforce. Trust funds will support required personnel and contractual efforts to effectively develop training opportunities in partnership with multiple organizations involved with this workforce infrastructure building. This is year three of a multi-year project that will build sustainable funding over time through development of Medicaid 1115 Behavioral Health Demonstration Waiver services and user fees associated with training offerings. Other Trust Investment	Anchorage School District Mental Health Consultative Model - Pilot Expansion	Anchorage School District	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Trust funding will support the continuation of the Anchorage School District's (ASD) preschool mental health consultation services pilot effort. Results from the pilot indicate a high level of satisfaction from pre-school educators supporting young beneficiaries in their classrooms-particularly those within special education pre-school classrooms. The pilot program has allowed ASD to pursue additional funding sources (AK Children's Trust and Municipality of Anchorage Alcohol Tax) to expand services and blend funding to reach more beneficiaries.		Anchorage Municipality Alcohol Tax, Alaska Children's Trust Grant

Focus Area Allocation	Youth TABI Program Coordinator	Southeast Regional Resource Center, Inc.	\$93,074
Project Description		Other Funding Partners (Secured and Pending)	
<p>This initiative is an Alaska statewide response to the long-identified need for Return to Learn (post brain injuries accommodations in schools) and community based Traumatic and Acquired Brain Injuries (TABI) resources for youth. The project leverages systems and capacity building funds from the state and will effectively build infrastructure for coordinated and long-term services for youth and their families who have been affected by TABI. This project has strong support from state Division of Juvenile Justice partners, as it will increase their internal capacity to understand and respond to justice involved youth with brain injuries and provide a streamlined community and school service referral process to ensure beneficiary youth needs are met.</p>		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Other Trust Investment	Pediatric Subspecialty - A Systems Approach for the State of Alaska - Year 2	All Alaska Pediatric Partnership	\$50,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>This project is a collaborative planning effort led by the All Alaska Pediatric Partnership in an effort to address longstanding gaps in the pediatric subspecialty system of care for young Trust beneficiaries. Families and young beneficiaries have had trouble accessing quality diagnostic and treatment services for many years due to numerous factors, primarily Alaska's relatively small population and a national shortage of pediatric subspecialty care providers. With the help of Trust funds, this project will support improved outcomes for Trust beneficiaries experiencing neurodevelopmental and related disorders (i.e., autism, fetal alcohol spectrum disorder), as well as those experiencing genetic and other subspecialty conditions, through rigorous program and business development to comprehensively address systems gaps. The process will engage Trust beneficiaries and families to ensure streamlined and efficient access to diagnostic and early intervention services.</p>		N/A

Other Trust Investment	Trauma Engaged/Family School Policy and Planning	Association of Alaska School Boards	\$74,524
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
For several years, the Association of Alaska School Boards (AASB) has been engaged in trauma-informed school policy and planning efforts. AASB proposes a multi-level approach to engage local district boards and key staff to design and begin implementing effective trauma engaged school policy statewide. The need for this level of engagement was apparent prior to the COVID-19 pandemic and has been increasingly prioritized by district-level leadership as the impacts of the pandemic on student and educator mental health are becoming more apparent at the local, state, and national levels. Trust funds will help support this project that aligns with key strategies related to mental health supports in schools, early intervention and prevention, and early childhood. The project impacts will be felt across multiple beneficiary age groups as policy implications will be at the school district level and focus on the distinct social, emotional, and developmental needs of beneficiary students throughout the PreK-12 systems.		United States Department of Education for Family Resource Center Grant, State of Alaska	

Authority Grant Type	Project Title	Name	Grant Amount
Other Trust Investment	Infant and Early Childhood Mental Health Systems Integration Analysis	All Alaska Pediatric Partnership	\$70,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
<p>The All Alaska Pediatric Partnership (AAPP) has a demonstrated history of partnership in support of in-depth data analysis and convening on the topic of early childhood and systems building for this key Trust priority population. This capacity building project will collaborate with key partners and communities to offer insight and recommendations into building a stronger system of early childhood services and supports to meet the social and emotional needs of Trust beneficiary families. The project will offer expert consultation related to early childhood systems analysis, as well as support related efforts of the emerging “Early Childhood Pyramid Model” state leadership team, which has identified the Pyramid Model of Positive Behavior Intervention &amp; Supports (PBIS) for early childhood as a top priority. The PBIS model is also being embraced by the Department of Education &amp; Early Development for K-12 organization of mental health supports in public education settings.</p>		<p>Department of Education and Early Development, Child Care Program Office</p>

Other Trust Investment	Family Focused Treatment Association Conference 2022 for Alaska Child Placement Agencies	Community Connections	\$15,000
<b>Project Description</b>		<b>Other Funding Partner(Secured and Pending)</b>	
This project will help Alaska child placement agencies better support children in therapeutic foster care by virtually attending the only annual treatment foster care conference in the country. Trust funds will support multiple Alaska-based agencies in attending the national Family Focus Treatment Association conference in 2022 in order to gain best practice information on treatment foster care. In the past, this event has been reported by the Alaska Department of Health and Social Services/Division of Behavioral Health and child placement agencies as the most beneficial learning opportunity available to enhance support for Alaska's children in treatment foster care. In addition to this funding request, Trust staff will continue to work with partners to promote the Treatment Foster Care modality as a core component of the Medicaid 1115 Behavioral Health Demonstration Waiver service array for children and youth. Authority Grant Type	Project Title	Name	Grant Amount
Focus Area Allocation	Youth 360 - Seward	Seward Prevention Coalition	\$50,000
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
Trust funds will allow the Seward Prevention Coalition to continue services and supports using the Icelandic Prevention Model, which includes robust data collection and regular evaluation, to prevent early use of substances in the youth population as the organization brings other funding sources online. The Seward community and coalition members initiated this pilot work just prior to the pandemic and are now looking towards sustainable funding. The community and local hospital partners are supportive of this work and will help ensure future sustainability.		Seward Community Foundation, Seward High School

Focus Area Allocation	Fairbanks Mobile Crisis Team Peers - True North Recovery FY23 Q1	True North Recovery, Inc.	\$95,700
<b>Project Description</b>		<b>Other Funding Partners (Secured and Pending)</b>	
True North Recovery, Inc. (TNR) will use Trust funds to help support the first quarter of fiscal year 2023 (FY23) funding for the peer staff role on the Fairbanks Mobile Crisis Team (MCT), which is jointly staffed by a partnership of Alaska Behavioral Health and TNR. The MCT is meeting and exceeding the expected outcomes for responding to Trust beneficiaries who are experiencing a behavioral health crisis in the community. These funds will allow TNR, AKBH, and the Trust to determine the next steps in the MCT funding for remainder of FY23.		N/A	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	SSG Admin TA Project	Stone Soup Group	\$12,650
Project Description		Other Funding Partners (Secured and Pending)	
Trust funding will support Stone Soup Group’s administrative conversion to a paperless office (part of their COVID response) and support upcoming succession planning for their long-term Administrative Services Manager who will retire within one year. The contractor supporting this effort will document and support policy and procedure updates to ensure the agency is compliant with state and federal rules related to beneficiary privacy, and seek to increase efficiency and improve supports for beneficiary families through this process. Trust fundswill leverage federal American Rescue Plan Act (ARPA) funding secured through the Alaska Community Foundation for this project.		ARPA through the Alaska Community Foundation	

Authority Grant Type	Project Title	Name	Grant Amount
Partnership	Health Disparities Among Women with Disabilities	University of Alaska, Division of Population Health Sciences	\$40,900
Project Description		Other Funding Partners (Secured and Pending)	
This project will gather qualitative data from Trust beneficiaries that will be used to develop knowledge about, and implement prevention materials and programming for, an underserved Trust beneficiary group. The goal of this project is to gather data that will help clarify the level of alcohol use among Trust beneficiaries experiencing intellectual and developmental disabilities (IDD) and to prevent Fetal Alcohol Spectrum Disorders (FASD) in Alaska, specifically the use of alcohol during pregnancy for women experiencing IDD. The project will involve two beneficiaries who will contribute to the development of the interview protocol. In addition to prevention and programming for women experiencing IDD, this information may also be used to help develop policy and programming to improve services for this population in Alaska, and may be used to pursue federal funding to help support the development of services in Alaska. Partnership	Recover Alaska - University of Alaska Anchorage (UAA) Alaska Behavioral Health Workforce Expansion Project	Sultana New Ventures, LLC dba The Foraker Group	\$100,000
Project Description		Other Funding Partners (Secured and Pending)	
<p>Sultana New Ventures, LLC will use Trust funds to support a collaborative project being championed by Recover Alaska to expand the University of Alaska Anchorage (UAA) College of Social Work. This expansion will add two faculty positions and will add 45 more student seats over the next five years. Expanding the UAA College of Social Work will help the communities of Alaska meet the growing need for clinical level behavioral health treatment. Recover Alaska has developed this project with its partners based on the need of treatment across the state. This is a collaborative effort for expanding the ability within Alaska to have the necessary workforce to meet the clinical needs of Trust beneficiaries experiencing mental health and substance use disorders.</p>		Statewide
