Notice is hereby given that, pursuant to the provisions of AS 38.05.801 and 11 AAC 99, the Executive Director of the Alaska Mental Health Trust Land Office (TLO) has determined that it is in the best interest of the Alaska Mental Health Trust and its beneficiaries to complete a land sale of certain Trust land to the Matthew Pearcey and Lindsay Pearcey. BEST INTEREST DECISION
Competitive Land Sale – Point MacKenzie

MHT: 9200807
MH Parcel(s): SM-1661-02

In accordance with AS 38.05.801 et seq. and the implementing regulations governing Alaska Mental Health Trust (“Trust”) land management (11 AAC 99), Trust land shall be managed consistently with the responsibilities accepted by the State under the Alaska Mental Health Enabling Act (P.L. 84-830, 70 Stat. 709 (1956)). This means that management shall be conducted solely in the best interest of the Trust and its beneficiaries.

In determining the best interest of the Trust and its beneficiaries, and in determining consistency between state law and the Alaska Mental Health Enabling Act, the Executive Director of the Alaska Mental Health Trust Land Office (“TLO”) shall, at a minimum, consider the following interactive Trust management principles in accordance with 11 AAC 99.020:

- Maximization of long-term revenue from Trust land;
- Protection of the corpus;
- Protection and enhancement of the long-term productivity of Trust land;
- Encouragement of a diversity of revenue-producing uses of Trust land; and
- Management of Trust land prudently, efficiently, and with accountability to the Trust and its beneficiaries.

I. Proposed Use of Trust Land. Competitive Land Sale.

II. Applicant/File #. Matthew Pearcey and Lindsay Pearcey / MHT 9200807.

III. Subject Property.

A. Legal Description. Sections 8 and 17, Township 14 North, Range 4 West, Seward Meridian, Alaska and more particularly described: Tract C-1B of Alaska State Land Survey No. 87-353, containing 48.29 Acres, more or less, according to the survey plat recorded in the Palmer Recording District on February 5, 1993, as Plat 93-15.

B. Settlement Parcel Number(s). SM-1661-02

C. Site Characteristics/Primary Resource Values. The subject parcel is located in the rural area of Point Mackenzie, Alaska on Twin Island Lake. The subject parcel is approximately 80 percent level wetlands, irregular in shape, and has approximately 2,150 feet of water frontage on Twin Island Lake. Access to the parcel is either from Point MacKenzie Road on an un-improved, 60-foot dedication for Twin Island Drive that extends to the eastern boundary or accessed by trail or floatplane.

D. Historical and Existing Uses of the Property. Trust parcel SM-1661-02 is undeveloped and there are no competing interests. No historical or existing uses are known.

- E. Adjacent Land Use Trends.** The lands to the north and west of the subject parcel are vacant raw land, most of which is described as wetlands and owned by the Matanuska-Susitna Borough. Areas to the south of the parcel are sparsely wooded wetlands owned and managed by the Trust. The subject parcels' neighborhood consists of rural residential and seasonal recreational cabins.
 - F. Previous State Plans/Classifications.** None.
 - G. Existing Plans Affecting the Subject Parcel.** This area lies within the Matanuska-Susitna Borough but is not specifically zoned.
 - H. Apparent Highest and Best Use.** A competitive sale, above fair market value to the applicants, is the apparent highest and best use of the parcel. This sale has turned this parcel into a performing asset and generated revenue for the Alaska Mental Health Trust Authority (Trust) and its beneficiaries. The parcel is not economically developable due to the wetlands on most of the parcel, the access limitations, and high construction costs.
- IV. Proposal Background.** The applicants, Matthew Pearcey and Lindsay Pearcey, submitted a bid on the subject parcel during the 2023 Fall Land Sale Auction acceptance period. The sale completed November 14, 2023, and bids were opened publicly November 16, 2023. The bid received by the Trust Land Office was in the amount of \$63,140.00. The subject parcel was offered through the Competitive Land Sale Program with a minimum bid of \$48,000.00. The bid received was 31 percent above the minimum bid value that the subject parcel was offered for. After administrative review by the TLO, it was discovered that the parcel was erroneously posted in the Competitive Land Sale Auction and would need a separate best interest decision to complete the administrative disposal process correctly.
- V. Terms and Conditions.** The parcel will maintain the land sale contract issued at the time of closing. The terms and conditions include the following:
- A.** Parcel was sold "as is" and "where is" with no guarantees as to the suitability for any intended use.
 - B.** Purchaser agrees to pay for all escrow, title, and other closing costs including title insurance if title insurance is desired by the Purchaser.
 - C.** Purchaser has been notified of and acknowledges potential unexploded military ordinance as explained by the United States Army Corps of Engineers Formerly Used Defense Sites Environmental Restoration Program notice dated March 31, 2023, regarding the parcel's location within F10AK022509 – SUSITNA GUNNERY RNG FUDS PROPERTY.
- VI. Resource Management Considerations.** The proposal is consistent with the "Resource Management Strategy for Trust Land," which was adopted October 2021 in consultation with the Trust and provides for the TLO to maximize return at prudent levels of risk, prevent liabilities, and convert nonperforming assets into performing assets. Experience has demonstrated that it is unlikely that this parcel will appreciate at a rate that would justify holding it for a later sale. It is also not cost effective for the TLO to hold this parcel and incur the associated management costs and liabilities related to being located

within a United States Army Corps of Engineers Formerly Used Defense Site F10AK022509 – SUSITNA GUNNERY RNG FUDS PROPERTY.

VII. Alternatives.

- A. Do nothing or offer sometime in the future.** This alternative would delay receipt of revenues from sales, income from land sale contract interest, income from the Trust principal interest, and could result in additional costs and risks to the Trust without significant increases in value.
- B. Leasing the parcel.** No interest has been expressed in leasing the property. Management costs to the Trust will generally decrease on the properties through a sale.
- C. Alternate Development.** Matanuska-Susitna Borough ordinances and zoning restrictions to plat, subdivide, and construct road and utility infrastructure, as well as wetland impacts and topography challenges, makes development of subdivision cost prohibitive. No interest has been expressed in material or subsurface development.

VIII. Risk Management Considerations.

- A. Performance Risks.** Performance risks will be mitigated through the TLO's Purchase and Sale Agreement, Land Sale Contract, and Quitclaim Deed. In its present condition, the parcel is not generating any revenue for the Trust. The parcel is considered a non-performing asset.
- B. Environmental Risks.** There are no known environmental risks associated with the proposed sale.
- C. Public Concerns.** Subject to the comments resulting from the public notice, there are no known public concerns regarding the proposed action.

IX. Due Diligence.

- A. Site Inspection.** An appraiser hired by the TLO visited the parcel on August 15, 2022, and provided a detailed evaluation of parcel August 18, 2022.
- B. Valuation.** An appraisal of the subject parcel "as-is" and "where-is" was completed in August 2022 by Black-Smith, Bethard & Carlson. The appraisal determined the fair market value of the parcel to be \$48,000.00.
- C. Terms and Conditions Review.** An agreement for the purchase and sale of the property was completed November 15, 2022, and a land sale contract was issued January 10, 2023. The contract outlines the terms and conditions of the sale.

X. Authorities.

- A. Applicable Authority.** AS 37.14.009(a), AS 38.05.801, and 11 AAC 99 (key statutes and regulations applicable to Trust land management and disposal).
- B. Inconsistency Determination.** As the proposed negotiated land sale is specifically authorized under 11 AAC 99, any relevant provision of law applicable to other state lands is inapplicable to this action if it is inconsistent with Trust responsibilities accepted by the State under the Alaska Mental Health Enabling Act (P.L. 84-830, 70 Stat. 709 (1956)) as clarified by AS 38.05.801 and Alaska Mental Health Trust land regulations (11 AAC 99). 11 AAC 99 includes

determinations that certain State statutes applicable to other State land do not apply to Trust land unless determined by the Executive Director, on a case-by-case basis, to be consistent with 11 AAC 99.020. The State Statutes deemed inconsistent with Trust management principles and inapplicable to Trust land by these regulations have not been applied to this decision or this action, including, but not limited to, AS 38.04 (Policy for Use and Classification of State Land Surface), AS 38.05.035 (Powers and Duties of the Director), AS 38.05.300 (Classification of Land), AS 38.05.945 (Notice), AS 38.05.946 (Hearings), and 11 AAC 02 (Appeals).

- XI. Trust Authority Consultation.** TLO consultation is defined in statute and regulation under AS 37.14.009(a)(2)(C) and 11 AAC 99.050 and clarified under 11 AAC 99.030(d) which requires the executive director to consult before issuing a public notice of a written decision of best interest.
- XII. Best Interest Decision.** Given the information above and the information contained in the complete record, the Executive Director finds that the proposed transaction is in the best interest of the Trust, subject to the terms and conditions addressed in this decision. The decision is based upon the consideration of the five Trust management principles set out in 11 AAC 99.020 and is in full compliance with 11 AAC 99. This decision does not preclude the TLO from determining that an alternative proposal will serve the best interest of the Trust. A future determination of that nature will require a best interest decision specific to the proposal.
- XIII. Opportunity for Comment.** Notice of this Best Interest Decision will take place as provided under 11 AAC 99.050. Persons who believe that the decision should be altered because it is not in the best interest of the Trust or its beneficiaries, or because the decision is inconsistent with Trust management principles set out in 11 AAC 99.020 or any other provision of 11 AAC 99, must provide written comments to the TLO during the notice period. Following the comment deadline, the Executive Director will consider timely written comments that question the decision on the basis of the best interest of the Trust and its beneficiaries or inconsistency with 11 AAC 99. The Executive Director may then, in his or her discretion, modify the decision in whole or in part in response to such comments or other pertinent information, or affirm the Best Interest Decision without changes. The Best Interest Decision as modified or affirmed will become the final agency action, subject to reconsideration procedures under 11 AAC 99.060. Additional notice will be provided for a substantially modified decision. If no comments are received by the end of the notice period, this Best Interest Decision will be affirmed, and the proposed action taken. (See notice for specific dates.)
- XIV. Reconsideration.** To be eligible to file for reconsideration of this Best Interest Decision, or to file a subsequent appeal to the Superior Court, a person must submit written comments during the notice period.

Persons who submit timely written comments will be provided with a copy of the final written decision and will be eligible to request reconsideration within 20 calendar days

after publication of the notice or receipt of the decision, whichever is earlier under 11 AAC 99.060(b). This request must be accompanied by the fee established by the Executive Director under 11 AAC 99.130, which has been set at \$500, to be eligible for reconsideration. The Executive Director shall order or deny reconsideration within 20 calendar days after receiving the request for reconsideration. If the Executive Director takes no action during the 20-day period following the request for reconsideration, the request is considered denied. Denial of a request for reconsideration is the final administrative decision for purposes of appeal to the superior court under AS 44.62.560.

- XV. Available Documents.** Background documents and information cited herein are on file and available for review at the TLO, located at 2600 Cordova Street, Suite 201, Anchorage, Alaska 99503. Phone: (907) 269-8658. Email: mhtlo@alaska.gov.
